

## Questions Received from the Community & Proposed Responses

Reviewed and Approved at ARC Working Meeting #13  
May 25, 2009, St. Michael Catholic Academy

	DATE RECEIVED & COMMUNITY	QUESTIONS RECEIVED: FROM THE COMMUNITY	PROPOSED RESPONSES	REFERENCE
1.	05/25/2009	<p>“Last Wednesday, at the Parent's orientation for the PACE program we were informed that St Anthony CES may be closing in 1 years time. In addition, we understand that the students involved in the PACE program may be moved to separate schools at the end of their first year. We have a concern that this change may affect my child's performance, especially when she will just be adjusting to the change and getting to know her new classmates.</p> <p>If the children in the PACE program have to be relocated would you consider moving them as a class to minimize the impact of the change?”</p>	<p><i>Once an accommodation decision has been made by the Board of Trustees the location of the PACE program will be determined. Past Board practice has been to move entire program, all Grade 5 to 8 classes, from one site/location to another.</i></p>
