October 2, 2009

Dear ARC Members:

I hope that you have had a successful beginning to the school year.

In response to current direction from the Ministry which allows us more flexibility in our consideration of options, the Board has rescinded the ARC Timelines and granted an extension for the process. The Board will not be receiving the ARC and Staff Reports on October 13, 2009. The Board has also approved the re-convening of the ARC to allow for the review of newly acquired information from the Ministry.

Staff is currently investigating the implications for the ARC process. As soon as I have more information, I will be contacting all ARC members to schedule a meeting.

Thank you so much for your understanding and support.

Sincerely,

A handwritten signature in cursive script that reads 'Patricia Preston'.

Patricia Preston
Chair, Accommodation Review Committee
