June 7, 2010

Dear St. Mary Immaculate Catholic Elementary School Neighbours,

The York Catholic District School Board has been successful in securing Ministry funding to renovate St. Mary Immaculate CES. Funds will be used to rejuvenate a number of classrooms and will include building a new library and an advanced computer lab.

We are writing to you because, as our neighbours, we value our relationship and we want to let you know about the construction timeframe and any possible impact on the local community.

Renovations are set to begin in late June, once school has ended, and are scheduled to be completed in March, 2011. The demolition stage, which is likely to be the noisiest phase, will take place during the summer months during daytime hours.

Once school recommences in September, as the school parking lot will be closed, we expect that traffic will increase on neighbouring streets as parents drop off and pick up their children.

The contractor will be working closely with the school principal throughout the construction period to minimize noise and any disruptions to the instructional program or local community.

Please be assured that the school site will remain a safe environment (clear of debris) and the construction zone will be fully enclosed.

Thank you for your understanding. If you have any questions, please feel free to contact Mario Covatta, Manager of Construction Services, at 905-713-2711 extension 12333.

Sincerely,

Mary Deveaux
Superintendent of Education: School Leadership

Joseph Cordi
Principal
