

Computer Rescue

Refurbishing Computers and peripherals destined for landfill

FOR DONATION TO THOSE IN NEED

Microsoft®
Authorised
Refurbisher

To the reader;

Computer Rescue is an organization that refurbishes donated computer systems and peripherals and donates them to needy families, who otherwise cannot afford it. This is accomplished through the local school system, and local charitable organizations. We supply a “package” consisting of a CPU, monitor, keyboard and mouse, and where donated, working printers, scanners and speakers.

Over the last year, we have refurbished and donated over 300 computer systems to needy families.

It is through donations from private individuals, municipalities and corporations that make this program possible. Our sponsors donate surplus and obsolete computers and peripherals, which in the hands of needy children and the learning disabled, become a valuable asset in their development. Some systems have also been donated to seniors, to assist them in emergency and family contact.

Because we are a Microsoft Authorised Refurbisher, under the Community Mar program, we are able to supply Windows and Office products on the computers, for a minimal sum of \$7.00 each, a license cost that we have to recover. Linux systems are provided free of charge.

We also understand that security is also a major consideration when donating systems with sensitive information. We use a product called “DBAN”.

Darik's Boot and Nuke ("DBAN") is a self-contained boot disk that securely wipes the hard disks of most computers. DBAN will automatically and completely delete the contents of any hard disk that it can detect, which makes it an appropriate utility for bulk or emergency data destruction. (Approved by the R.C.M.P in Canada)

As Microsoft Authorized Refurbishers, we cooperate with all charitable organizations, and are willing to donate to them, completely clean and legal systems, hence you would be looking at only one disposal stream instead of many.

PS: No charge for pickup

Supported by;

Also supported by;

The Keswick Dental Center, Altwerger Barristers and Solicitors, Fit Financial Services.....And people like you

We only ask that any donated equipment be complete and in working condition, or capable of refurbishment.

Thank you, and looking forward to discussing this further, if you wish.
