NOTICE FOR PARENTS, GUARDIANS AND STUDENTS

Re: Immunization Requirements

All children attending school are legally required to be immunized against certain preventable diseases, unless a valid medical, conscience or religious exemption is provided. York Region Public Health collects and reviews the immunization records of all students to ensure each child is immunized and his/her records are up to date.

If your child has followed Ontario's immunization schedule, he/she will have received all of the vaccines needed to attend school. Students are also encouraged to be vaccinated against influenza on a yearly basis.

It is the parent/guardian's responsibility to provide and maintain immunization records with York Region Public Health. Neither your child's doctor nor the school provides this information to York Region Public Health.

If your child's immunization records are incomplete, York Region Public Health will send you a letter advising of the incomplete immunization information and provide instructions on how to update your child's records.

Immunization is one of the safest ways to promote health and prevent illnesses related to vaccine-preventable diseases. By keeping our immunization rates high, we are helping to protect the health of children and our community.
