

Great News for the Upcoming School Year!

Starting this upcoming 2019 - 2020 school year, the Information Systems Department will be introducing synchronized passwords for Student accounts. This will allow students to use the same login and password to get access to **Computer Systems**, **G-Suite**, **D2L/Brightspace**, and **My Blueprint**.

Students can login using the following format :

Username: Legal first name . Legal last name + Anticipated year of graduation (birth year + 18) @YCDSBK12.ca.

Password: First initial of the first name in Uppercase + first initial of the last name in lowercase + student # (Maplewood ID, **NOT** the OEN).

If the student number is less than six characters in length we will PRE-FILL zero's (0) to make the length up to 6. This ensures a minimum password length of 8 characters.

In the event that a student needs to reset their password or unlock their account, they can do so on any device by visiting myid.ycdsb.ca.

Students Login Example			
Student Name	Birth Year + 18 =	Student Login	Password
Ryan Dugan	04 + 18 = 22	ryan.dugan22@ycdsbk12.ca	Rd7271995

NEW STUDENT LOGIN STRUCTURE GR. 4 - GR. 12
