- The examination schedule indicates the course, section, teacher, date, time, length and location for all examinations. It is important for all students to know their complete subject-section name and letter for each examination they will be writing. It is the student's responsibility to ensure that he or she is fully aware of the date, time, and location for each of their examinations.
- **Examinations start at 8:30 am.** All students are expected to report to the appropriate "In-Schedule" examination room 15 minutes before the scheduled time and are to remain there for the duration of the examination.
- Students who are entitled to and who wish to write their examinations in a separate space (Library) are responsible for speaking to their classroom and core resource teacher. These students must sign up in the Student Services Centre by **June 4, 2019** to ensure space is available and appropriate accommodations are offered. These students will write in the Library. Otherwise, students who receive time accommodations will start their exams in their own class and then be escorted by their teachers to the Library to complete their examination.
- Students who are English Language Learners or on a Policy 208 will start their exams with their classes. If they require extra time, they will be escorted to the Library by their teachers to complete their examination.
